TEN CENTS A WEEK

MASSACRE PLANNED BY BLACK HUNDRED

**Rumors Afloat That Jews Will
Be Killed in St. Petersburg.**

CRONSTADT RIOTS SUPPRESSED

Peace and Order Restored in Russian City—Count Witte Will Investigate Jewish Massacres—Political Education for the People.

St. Petersburg, Nov. 11.—Stories are being industriously circulated that a regular St. Bartholomew massacre of the Jews and intellectuals has been planned by the "Black Hundred" of St. Petersburg for Saturday night. It is declared that all the houses containing Jews are marked with a red cross. While it is undoubtedly true that the lower classes would like to be let loose, no real danger is anticipated as the police have received the most rigid instructions to suppress any attempt at an uprising.

Count Witte has ordered a thorough investigation of all the Jewish massacres, and other disorders in the interior where the police, troops and officials are charged with inciting or with abetting violence, and he is determined to have all the offenders removed or punished.

Political Education for Masses.

St. Petersburg, Nov. 11.—The town council of St. Petersburg is talking the lead in the political education of the masses by inaugurating a series of public lectures at which the new order of things is explained to the people.

The object of the meetings is to allay the hostility between the various classes by showing the benefit accruing to all from the grant of liberties. This example will be followed by the city of Moscow and other places.

Word reaches Count Witte that in some regions the reactionaries who are seeking to make the new regime odious are spreading reports among the peasants in the country and the lower classes of the cities that the imperial manifesto is a forgery issued by A. Camarillo, of the revolutionists, of which Count Witte is the head, and who held the emperor in the palace.

Such stories circulated among the emigrant peasantry are apt to prove a most dangerous factor, as they did when the peasantry rose to support Fugatcheff, who claimed to be Peter II., called on the people to overthrow Catherine II. The clergy throughout the country under instructions from the Holy Synod are doing all in their power to counteract the effect of such pernicious reports by explaining to the people in the churches the real meaning of the reforms.

During the rioting at Cronstadt the government treasury there, which was surrounded by a deep moat filled with water, was only saved from the mob of mutineers and rowdies by the removal of the bridges. Ekkebert Waas, the American consul general, received the following dispatch last night from Consul Agent Peter Wiggin at Cronstadt:

"Soldiers aided by a mob commenced rioting here and several houses were set on fire and the shops were robbed. The situation remains critical."

Mutiny at Cronstadt Suppressed.

Cronstadt, Nov. 10.—6 a. m.—The mutiny here is entirely suppressed. The mutineers who were holding out in the eastern section of the town have been arrested. The disorderly elements is now under the thorough control of the government officials.

Men Held for Murder.

Pittsburg, Pa., Nov. 11.—John Sussatto and Frank Finelli, of Hickory, Pa., were held without bail today for a coroner's inquest and thirteen other guests of the Roma Hotel, are detained in connection with the mysterious death of Joseph Delella, of Monaca-bela City, Pa. Delella was thrown from the third floor window of the hotel into the Monaca alley, and it is believed that Sussatto and Finelli know the circumstances. They further say it is the work of some Italian secret society.

PERSIA IN AWFUL CONDITION.

Cholera and Failure of Crops Cause of Serious Situation.

Washington, Nov. 11.—General Mor-teza, the Persian minister, who arrived here yesterday, spoke of the deplorable conditions existing in his country growing out of the cholera epidemic of 1904, failure of crops and the increase in the prices of the necessities of life.

"Our country is most peculiarly and woefully situated just now," said General Mor-teza, "and there seems to be no relief in sight. Through a series of distressing visitations upon our people, the Persians are experiencing a panic. The steady increase of prices means starvation to many; it will mean misery to countless others, and it is with heavy hearts that we look forward to the suffering of this winter."

"Ordinarily in times of crop failure, the Persians depend on their next-door neighbor, Russia, for wheat. General Mor-teza said, But Russia's war resulting with all importations to Persia being so greatly diminished that few were able to profit by it."

The cholera has passed, for the war is at an end, but our people are still hungry. Their problem is to live through another year, trusting to providence that their granaries may be filled next autumn.

TRIBUTE PAID TO PRESIDENT.

Lord Mayor Parade Suggests a "Roosevelt Temple of Peace."

Washington, Nov. 11.—The tribute paid to President Roosevelt in London yesterday in connection with the lord mayor's parade has directed attention heretofore to a suggestion emanating from J. Selwyn Tait, local representative of the international banking corporation that the triumph of the president as a peacemaker be perpetuated by the erection in the capital city of a magnificent "Roosevelt Temple of Peace."

The author of this project feels that there will be no difficulty in raising by public subscription a fund sufficient to erect a structure in every respect worthy of the triumphal Portsmouth. The suggestion is that there be erected a building of heroic proportions to be used for conventions and meetings of national importance, to be of rich design with ornamentation emblematic of peace and perhaps symbolic of the state of President Roosevelt in tight bonds of brotherhood between the north and south.

Countess Secures Divorce.

Chicago, Nov. 11.—A Tribune dispatch from Detroit, says that the Countess de Szeleassia, formerly Miss Louisa May Hecker, daughter of Colonel Frank J. Hecker, of this city, yesterday was granted a divorce by the circuit court of this county from Count Gyula Hobe Joseph de Szeleassia on grounds of desertion and non-support. The couple were married Dec. 22, 1899, when the count was secretary of the Austrian legation at Washington. About two years ago the countess returned to her father's home in Detroit where she has since resided. It is said that the countess will resume her maiden name. She retains the custody of the only child.

To Aid Persecuted Jews.

San Francisco, Nov. 11.—Associate delegates of the Jewish congregations and societies of San Francisco, and the city around the bay, met here last night in the Temple Emmanuel, in response to a telegram from Jacob Schiff, the New York banker, making an appeal for aid to the persecuted Jews of Russia. An immediate response met Mr. Schiff's appeal, both in the shape of liberal subscriptions and address to the people of California setting forth the conditions which exist in Russia and the imperative need for help.

Want Uniform Divorce Laws.

Harrisburg, Pa., Nov. 11.—Governor Pennypacker today sent a letter to the governor of every state in the United States urging them to appoint delegates to the congress to be held at Washington, D. C., Feb. 16, 1906, to consider the passage of uniform laws upon the matter of divorce throughout the nation.

EVIDENCE OF FRAUD FOUND IN GOTHAM

**Election Return Boxes Were
Thrown in North River.**

HEARST OFFERS LARGE REWARD

New York Editor Will Pay Handsome Sum for the Arrest and Conviction of Tammany Leader Who is Guilty of Committing Election Fraud.

New York, Nov. 11.—Attorney General Junius Mayer before leaving his office after midnight this morning arranged to appear before a magistrate in the criminal courts buildings today to prosecute several persons charged with violation of the election laws. Arrests, it was said, would be made at an early hour and the prisoners include one or more police officers.

These arrests, it was said, would be the result of the accidental discovery of an unlocked and unsealed ballot box full of protested ballots in the rear of a barber shop that had been used as a polling place in an election district in the Twenty-first assembly district. Today the matter may be put before the grand jury. It is said that it will not be a question of John Doe proceedings, but direct evidence will be presented.

The first information regarding the finding of the ballot box came to the district attorney yesterday through a policeman who walked into Mr. Jerome's office with a bunch of ballots and said that he knew where more of the same kind were to be found, but that he had not dared to bring in all he had found until he had been assured of protection.

He was sent back with a county detective, whom he escorted to the barber shop where the ballot box was found. When the policeman returned with the ballot box wrapped up in a piece of ordinary newspaper he was taken into Mr. Jerome's private office where were also the attorney general, state superintendent of elections Morgan and several deputies. Later Assistant District Attorney Sanford and several stenographers were called in. Six Morgan deputies were sent out soon afterwards with subpoenas. There was a report that men on the tug boat Robert White picked up four ballot boxes floating in the river early yesterday.

Before going home this morning, Attorney General Mayer was asked if he had received any information of the finding of four ballot boxes in the East river by the tug Robert White. I have not had any such information, Mr. Mayer said.

"Have you been told of the finding of ballot boxes in the North river?" he was asked.

"Yes, the North river. I have had such information."

At the headquarters of the Municipal Ownership League it was announced that two ballot boxes had been found in a tailorshop window in Gravesend. This shop was used as a polling place on election day. The boxes, it is said, were discovered by Bernard Wayne, a representative of the league who reported that one contained mutilated ballots and the other supposed to contain the ballot stubs, was empty.

Evidence of the gross carelessness in the care of election returns developed when the official envelope containing the official return and tally sheets for the twenty-third election district of the thirty-fifth assembly district was found in a baby carriage in the collar of a house in the Bronx. How it got there no one in the house was able to explain.

The tally sheet showed that 26 votes had been cast for William M. Irvine 29 for Mayor McChesnan and 139 for William R. Hearst. Both Mr. Jerome and Attorney General Mayer at once began an investigation.

L. Archibald, a clerk who signed the tally sheet, said he sealed the returns and gave them to the chairman of the election board. The latter when found said he had turned the returns over to a man named Dawson, who was to take

them to the proper place. Dawson could not be found last night.

W. R. Hearst announced today that an additional reward of \$10,000 for evidence for the arrest, conviction and imprisonment of the first Tammany district leader to be convicted of frauds against the ballot in Tuesday's election. This is an addition to the other evidence here is proof of crime against the ballot and registration laws in the election. This makes the total of rewards he has offered \$27,000.

MAN WORSHIPS "OLD NICK."

Erects Monument to Satan Which Boys Try to Destroy.

Detroit, Mich., Nov. 11.—Two policemen last night assumed the unique duty of taking up their station as guards at the site of a monument to Satan. The monument is 14 feet in height from foundation to crown, horned figure purporting to be Satan being shown in a snarling posture behind a pulpit. The grotesque affair created a sensation when unveiled in the front yard of Menz, a contracting mason, at 318 Stanton avenue and last night a mob of boys gathered around it and began a bombardment of stones that threatened its destruction, the two policemen finally dispersing the crowd and standing guard to prevent further attempts at demolishing his action in erecting the monument Mr. Menz said he did not believe a word of the Bible, but that old Nick told the truth.

"He is my best friend," declared the old man, pointing up at the image. He spoke the first and last truth.

Around the neck of the statue when it was unveiled was a ribbon of United States flags. Clergymen and city officials have been interviewed regarding the extraordinary action of Mr. Menz, but no conclusion has been reached as to whether his monument can or should not be made the object of official action to secure its removal.

TRY TO PREVENT SUICIDES.

Society Formed in Cleveland, O., to Stop Self Destruction.

Chicago, Nov. 11.—A Tribune dispatch from Cleveland says: Tom Johnson, alarmed at the official report that there have been eight-six suicides in Cleveland in the last nine months has taken steps to check the carnival of self-destruction. He has appointed a commission, whose duty it is to attempt to dissuade would-be suicides from taking their own lives. The commission is made up of Director of Charities Coolly, with A. Greenleaf, member of the charities bureau, and State Senator Elliott F. C. Howe.

Every man or woman in Cleveland, who is contemplating suicide is invited to write a letter to the anti-suicide commission and tell their troubles. The members of the commission will then make an effort to remove the trouble. For people despondent from non-employment the commission endeavors to obtain employment, while the needs and wants of others seeking aid are looked after.

All three men are experienced in such work, and their labors so far have proved satisfactory.

Man Is Human Stone Quarry.

Chicago, Nov. 11.—A dispatch to the Tribune from St. Cloud, Minn., says that John Jansky, of this city, aged 22, is a human stone quarry. Fourteen months ago he was the victim of an explosion in a stone quarry and even since the doctors have been prospecting, every time with good results. Four thousand pieces of stone have been removed from various parts of Jansky's anatomy. A piece of granite weighing an ounce came out of his arm in an operation yesterday, and another of half an ounce in weight was removed from the socket of his eye, which was lost in the explosion. Four times a week Jansky, without taking an anesthetic submits to the knife.

Crossed Continent in Auto.

Portland, Ore., Nov. 11.—Percy M. McLaughlin and D. F. Fassett, arrived here yesterday in a 16-horse power touring car, after a 3,200-mile journey from New York city. They are attempting the first double transcontinental tour of the country ever made. From here they go to San Francisco.

FLOOD OF SILVER TONGUED ORATORY

**Second Day's Session of the
Chattanooga Conference.**

INCREASE IN THE ATTENDANCE

Convention of Quarantine and Immigration is Attracting Much Attention. Several Eloquent Addresses Made by Prominent Southerners.

Chattanooga, Tenn., Nov. 11.—The second day's session of the southern conference on quarantine and immigration opened with an increased attendance over that of yesterday, about 275 delegates being registered.

Governor Broward, of Florida, and Governor Terrell, of Georgia, completed the list of state executives who had been expected.

The flood of silver-tongued oratory yesterday sadly disarranged the pre-arranged program for the day. Governor Glenn, Governor Blanchard, Governor Broward, Governor Vardaman, Congressman John Sharp Williams and many others of less note addressed the conference on varied phases of the quarantine questions held the close attention of varied delegates until last midnight. As a result, only two of the six formal addresses on yesterday's program were reached—those of Governor Glenn and Surgeon General Wyman. Three more addresses have been arranged for today; the reports of the committees on quarantine and immigration to which have been referred without debate resolutions of record bearing on the respective subjects are to be considered today and a visit to Chickamauga battlefields with a drill by the famous Twelfth United States cavalry followed by a luncheon at Fort Oglethorpe and a drive over the reservation and back to the city, will complete a busy day.

Provision for an evening session has been made, if the business of the conference cannot be completed without.

The conference was called to order by Chairman Governor Cox, of Tennessee, who promptly took up the program by introducing M. J. Sanders, president of the New Orleans Progressive union, whose topic was "Quarantine; Its Commercial Aspects."

The address of Dr. William F. Bruner, health and quarantine officer of Savannah, Ga., was next called. Dr. Bruner, being absent, his paper was filed with the secretary to become a part of the records of the congress. The paper discussed "Quarantine; Government Control."

Confederate Markers Dedicated.

Chattanooga, Tenn., Nov. 11.—Markers showing the position in the battle of Chickamauga of the Thirty-ninth, Fifty-eighth and Sixtieth North Carolina infantry regiments were this morning dedicated. The North Carolina veterans including Governor Glenn, Adjutant General Robertson, ex-Chief Justice Avery, General Ray, of the Sixtieth, Colonel Harper, of the Fifty-eighth and the delegates to the southern immigration and quarantine convention now in session here. A reception will be given to the North Carolina veterans tonight by N. B. Forrest Camp, United Confederate Veterans.

Autographs Bring Good Prices.

New York, Nov. 11.—A letter written by Abraham Lincoln in 1841, relating to political affairs in Illinois, one of a number of autographs collected by Mrs. George M. Moulton, of Chicago, and sold at a hotel here yesterday brought \$175, an autograph poem signed by James Russell Lowell, brought \$25. A one-page letter signed but not written by George Washington, Feb. 30, 1799, sold for \$25.

Will Cremate Woman's Body.

Santa Barbara, Cal., Nov. 11.—Ar-mourette Beecher, daughter of Amos Beecher, and cousin of Henry Ward Beecher, and Harriet Beecher Stowe, died last night after a brief illness aged 63 years. The remains will be cremated at her request. She was a prominent educator and philanthropist.

JOHNS-REDDISH.

Popular People Married at Waldo
Wednesday Evening.

Waldo, November 11.—On Wed-
nesday evening at 7 o'clock at the
Waldo Hotel, kept by Mrs. Mary
Reddish and daughters, Miss Ada
Reddish and Mr. Bolen Johns were
united in marriage, Rev. D. L. Bran-
ning officiating. Some forty guests
assembled to do honor to the popular
bride and groom. The spacious par-
lors were tastefully decorated with
evergreens and flowers, as was also the
dining hall. Music was furnished by
Mr. and Miss Estenza and Mrs. Fletch-
er on the mandolin and guitars.

The bride and groom, at exactly 7
o'clock, were ushered in from an ad-
joining room, were met by the minis-
ter under a beautiful marriage bell of
gorgeous flowers, brilliantly lighted,
and the imposing ceremony was appro-
priately performed according to the
ritual of the Methodist Episcopal
Church, and at the conclusion of the
ceremony, just as the officiating minis-
ter extended congratulations, by an
ingenious device, a shower of rice fell
from the bell on the wedded young
couple, much to the surprise of them-
selves and the company, and the great
amusement of all. Heartly congratu-
lations followed by the many relatives
and friends and the social features of
the occasion predominated. Light de-
licious refreshments and fruit were
served in the large dining room, all
the tables being filled, and there was
much joy manifested in the "flow
of soul" which sprang from the affection
of relatives and personal interest of
friends of this home and couple. The
officiating minister attended the wed-
ding of the mother years ago.

After the occasion was over several
of the guests accompanied the bride
and groom to their home on the farm
of the groom, near Hampton, having a
delightful moonlight ride.

No Case of Pneumonia on Record.

We do not know of a single instance
where a cough or cold resulted in
pneumonia or consumption when Fol-
ley's Honey and Tar had been taken.
It cures coughs and colds perfectly,
so do not take chances with some un-
known preparation which may contain
opiates, which cause constipation, a
condition that retards recovery from
a cold. Ask for Foley's Honey and
Tar and refuse any substitute offered.

BARBERS WILL RAISE RATE.

No More Ten-Cent Shaves Will be En-
joyed by Gainesville People.

There has been a revolution in the
prices charged by barbers in this city,
with the result that, after December
1st, no face will be scraped for ten
cents. The tonsorial artists feel that
ten cents is too insignificant a sum to
receive for a shave, and at a meeting
held a night or two ago it was decided
to raise the price to fifteen cents, or
two for a quarter, which is the stand-
ard price throughout the United
States.

Gainesville has long been noted as
the cheapest city in Florida in the
matter of tonsorial work, notwith-
standing the fact that we have here
artists who are the best in their line.
The barbers are inclined to be fair,
but they declare they cannot make a
living at ten-cent shaves.

LETTER FROM MAJOR TENCH.

Arrived in Tampa safely, and hard at
work at Fair Grounds.

A letter from Major John W. Tench,
manager of exhibits for Alachua coun-
ty, dated Tampa, Nov. 10, says:

"We are here and very cosily en-
sconced. Things have gone well and I
am hard at work getting in shape for
noon on the 15th. We have, as far as
I can see, lost nothing of consequence
by breakage. We have as you know a
large space, and I hope to fill it and
make Alachua the banner county.
Many could contribute who have not,
and love of home and patriotism must
be at a low ebb with those who will
not lend a hand in such a situation.
Stir 'em up. Yours truly,
"JOHN W. TENCH."

OLD SORES SAP THE VITALITY AND UNDERMINE THE HEALTH.

Old Sores that refuse to heal are a constant
menace to health. They sap the vitality and undermine the constitution by
draining the system of its very life fluids, and those afflicted with one of
these ulcers grow despondent and almost desperate as one treatment after
another fails. They patiently apply salves, washes, plasters, etc., but in
spite of all these the sore refuses to heal and eats deeper into the surround-
ing flesh, destroying the tissues and growing to be a festering, inflamed and
angry mass. The source of the trouble is in the blood. This vital fluid is
filled with impurities and poisons which are constantly being discharged
into the sore or ulcer, making it impossible for the place to heal. It will not
do to depend on external applications for a cure, because they do not reach
the real cause, and valuable time is lost experimenting with such treatment;
the most they can do is keep the ulcer clean. Any sore that will not heal is
dangerous, for the reason that it may have the deadly germs of Cancer behind
it. A cure can be brought about only through a remedy that can change the
quality of the blood, and this is what S. S. S. does. It goes to the very
bottom of the trouble, drives out the poisons and germs with which it is
filled, and purifies and builds up the entire cir-
culation. By the use of S. S. S. the sore is
supplied with new, rich blood which corrects
the trouble, soon stops the discharge, and allows
the place to heal naturally and permanently.
S. S. S. also reinvigorates the entire system, and
where the constitution has been depleted or
broken down it quickly builds it up and restores perfect health. Write for
our special book on sores and ulcers, and any medical advice you are in need
of; no charge for either. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

NEWS OF CITY AND
COUNTY CONDENSED

Mrs. J. R. Howell and son left yesterday for Alachua, where they will visit friends for a few days.

F. S. Rhodes of Jacksonville, special agent of the Atlantic Coast Line, was in the city on official business yesterday.

Nicholas Bures has returned from a business trip to Waldo. He has recently established a pool room at that place.

Capt. G. D. Younglove left yesterday for Newberry, after spending a few days with his daughter, Mrs. McDowell, in this city.

The regular meeting of the Twentieth Century Club will be held at the home of Mrs. R. A. Becker on Monday, Nov. 13th, at 8 o'clock p. m. Full attendance desired.

Among the visitors to this city yesterday was Geo. C. Crom, postmaster at Ocala. Mr. Crom has many friends here who are always glad to see him. Mrs. Crom is a sister of Col. W. W. Hampton.

F. P. Henderson, the horticulturist of Arno, was among the visitors to this city yesterday. Mr. Henderson is authority on peach culture, and has furnished the Industrial Edition of The Sun with an interesting article on that subject.

Mrs. Maretha Brooks of Gainesville has organized a vocal and instrumental music class in this city. Mrs. Brooks is an excellent teacher and comes well recommended. She has a large class here that seems to be learning very rapidly.—Lake Butler Star.

W. E. Brown of Archer returned to his home yesterday, after a couple of days spent with relatives and friends here. Mr. Brown has recently become engaged in farming in Wacahoota Hammock, having purchased a fertile tract from C. C. Pedrick.

Millner & Oeser's Musical Concert Company will open the season at Johnson's Hall on Monday evening, the 13th inst., with an up-to-date production. A number of the leading colored celebrities of the city will take part, and special seats will be reserved for white people.

The Atlantic Coast Line offers a rate, Gainesville to Tampa and return, account Florida State Fair, of \$4.75, tickets on sale from the 13th, good to return after the fair. Train leaves Gainesville at 12:15 p. m., daily. See J. A. Goodwin, ticket agent, for particulars.

Mrs. W. M. Scott and son, Clifford, have arrived in the city from Florence, S. C., and will make their future home here with the former's aunt, Mrs. O. A. Townsend, East Gainesville. They formerly resided here, Mr. Scott having been employed as a tailor with A. M. Endel.

We are in a position to furnish first-class bean, coke and lettuce hampers, also cabbage and cantaloupe crates promptly at reasonable prices, and guarantee prompt shipment on all contracts. Ship on either A. O. L. or S. A. L. railroads. Williston Manufacturing Co., Williston, Fla. dwtf.

In order to prevent pedestrians from "cutting corners" on the court house square, thus tramping down the lawn, the commissioners have had placed at each corner of the lot, extending from the iron fence to the street, wire approaches, which will compel people to confine their promenades to the sidewalk.

Attention is directed to the advertisement of Geo. W. Hyde, which appears elsewhere in this paper. As has been announced, Mr. Hyde is closing out his immense business and is offering goods at ridiculous prices. A large number have taken advantage of the opportunity to "stock up" for the winter.

E. C. Vaughn of Winston, N. C., the clever representative of the Forsyth Chair Company, who has been in the city for the past day or two, will spend Sunday here. Mr. Vaughn thinks Gainesville is "to the good," especially since he succeeded in selling the Gainesville Furniture Company three solid carloads of chairs.

On account of the annual meeting of the Southern Educational Association, which meets at Nashville, Tenn., November 22-25, the Atlantic Coast Line Railway has arranged to sell tickets at one first-class fare plus twenty-five cents for the round trip. These tickets will be on sale November 30th and 21st; final limits of same

will be November 30th. For full information or sleeping car reservations see Atlantic Coast Line agents or write Frank C. Boylston, District Passenger Agent, Jacksonville, Florida.

Prof. M. H. DeLand was in the city yesterday. Prof. DeLand, who is one of Alachua county's most efficient and experienced teachers, has been principal of the Forest Grove school, but has resigned to accept a responsible position with the Bank of Alachua. While his friends regret to see him give up the profession of teaching, they wish him success in his new duties.

Miss Agnes Rogers, an accomplished young lady of Clearwater Harbor, is in the city, a guest of Mrs. W. E. Dow. Miss Rogers is one of South Florida's fairest daughters, and had the honor to represent this State as a commissioner at the St. Louis World's Fair, being elected as one of the most popular and handsomest young ladies in the State in The Times-Union contest.

Col. J. W. Patton expects to make his departure today or tomorrow for Tampa, where he has been instructed to meet the officials of the Gainesville & Gulf railway on important business. Mr. Patton, who surveyed the route, will take a trip with the officials over the line, and it is safe to state that work of cutting right-of-way and grading will begin as soon as this investigating trip is concluded.

Remember the lecture of Earl Ward Pearce, lecturer, entertainer and character delineator, which will be delivered in the opera house on the evening of Thursday, Nov. 16. The McConnell Library Association offers thirty books free to the University High School if net proceeds from this attraction should amount to \$30 above expenses, and all lovers of free education should attend this lecture, which will be full of wit, humor and pathos. Admission will be 50 cents, school children 20 cents. Seats on sale at Avera's.

Rev. Thos. P. Hay, wife and son, Park, left yesterday for their former home, Palatka, where they will attend the fiftieth anniversary of the organization of the Presbyterian church of that city, which will be held today. The occasion will be observed with services in the morning, afternoon and evening, and Mr. Hay will participate in these services. They expect to be absent for several days, as the annual meeting of the Synod of Florida will be held at Palatka, beginning Tuesday. Elder L. E. Means has been appointed principal, with Elder Christopher Matheson as alternate, to represent the Gainesville Presbyterian church.

The report of the amount of cotton ginned up to November 1st, which was issued by the United States Census Bureau on November 8th, contains a new feature in the way of also giving the number of bales of Sea Island cotton ginned, to-wit: Florida, 19,700; Georgia, 26,245; South Carolina, 3,740. Another report will be issued November 21st, showing the amount ginned from the present crop up to the 14th inst. These reports will be appreciated by the growers of Sea Island cotton and give them a better idea as to the size of the crop. Benjamin Rush, the government statistician for this section, has taken great interest in having the Sea Island report separated from the short staple and has frequently called the attention of the officials to its importance to growers.

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," say R. Oyster Supper at Micanopy.

The ladies of the Baptist church gave an enjoyable oyster supper at the home of Mrs. Dr. Z. M. Price, Micanopy, Wednesday evening, the funds derived to be used in building a new church at that place.

The function was largely attended, and a neat sum was realized. The ladies of the building committee hope to be enabled to begin work on the new church in a short time.

We Will Buy

You a Bottle of Liquozone, and Give It to You to Try.

We make few claims of what Liquozone will do. And no testimonials are published to show what it has done. We prefer that each sick one should learn its power by a test. That is the quickest way to convince you.

So we offer to buy the first bottle and give it to you to try. Compare it with common remedies; see how much more it does. Don't cling to the old treatments blindly. The scores of diseases which are due to germs call for a germicide. Please learn what Liquozone can do.

What Liquozone Is.

The virtues of Liquozone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide.

Contact with Liquozone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquozone is not only harmless, but helpful in the extreme. That is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in a germ disease. Liquozone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We purchased the American rights to Liquozone after thousands of tests had

been made with it. Its power had been proved, again and again, in the most difficult germ diseases. Then we offered to supply the first bottle free in every disease that required it. And over one million dollars have been spent to announce and fulfill this offer.

The result is that 11,000,000 bottles have been used, mostly in the past two years. Today there are countless cured ones, scattered everywhere, to tell what Liquozone has done.

But so many others need it that this offer is published still. In late years, science has traced scores of diseases to germ attacks. Old remedies do not apply to them. We wish to show those sick ones—at our cost—what Liquozone can do.

Where It Applies.

These are the diseases in which Liquozone has been most employed. In these it has earned its widest reputation. In all of these troubles we supply the first bottle free. And in all—no matter how difficult—we offer each user a two months' further test without the risk of a penny.

Men's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republic of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

The Cold Snap.

The sudden cold snap which swooped down upon our people Saturday morning called many overcoats into commission. The temperature in the early morning was quite low, but bracing, and had a tendency to make pedestrians more lively. Towards noon, however, the mercury rose, and the day proved quite comfortable.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orin's Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orin's Laxative Fruit Syrup does not nauseate or gripe and very pleasant to take. Orin's is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

OUR WEEKLY NEW YORK LETTER

Passing Glimpses of Fashionable Furs, Enormous Muffs and Many Headed Neckpieces—Ermine Stock Collars the Newest Wrinkle—Luxurious Coats For Motor Wear.

By RENE DEVERAUX.

It doesn't require extreme weather in New York to bring out rich furs. In spite of the mild fall many handsome fur coats are daily seen in motor cars, and now and then a smart neck-piece or an occasional fur stock adorns the neck of the tailor made gown. This season's fur coats are cut along the lines of the handsome cloth garments, many luxurious empire models, both in long and short effects, being seen in a number of different peits.

One noticeable feature of the smartest fur coats is their rather low rolling collars, there being a decided absence of the once fashionable storm collar.

Some of the darker furs are charmingly combined with a lighter pelt, an exceedingly fashionable combination being Persian broadtail with ermine.

Smart little ermine stock collars, by the way, come separately and give a handsome finish to a last year's coat. These fit snugly around the throat, reaching a trifle above the bust line and finished on each side with a head and two or three very tiny tails and claws. Ermine collars are particularly attractive with the rich shades of purple and Parma violet so much in vogue, and with hunter's green there is nothing more chic and elegant in appearance. Stock collars in chinchilla and white fox are equally popular, white furs being eminently becoming to young and pretty faces.

Skillful furriers are marvelously successful in practicing all kinds of artis-

tic deceptions, and frequently quite inexpensive skins so closely resemble the richer ones as almost to baffle the closest observer. Stone marten is strikingly like Russian sable, and handsome mole and Alaska seal are not infrequently mistaken one for the other.

The long, graceful stoles, covering the shoulders and falling almost to the feet in front, though still worn, savor somewhat of last season and the season before, and shorter neckpieces, upon which innumerable heads, tails and claws are to be seen, are rapidly beginning to take their place.

A charming neckpiece seen was of Japanese marten in its natural rich brown shadings, formed of two entire skins. The heads of these pelts were crossed in the back, the two ends in front showing each one large, full tail and two tiny feet. The New York girl has a pretty fashion of wearing this boa with the two heads resting coquettishly on the shoulder, one end of the boa being wound around the neck, with the tail hanging down in the back.

Handsome neckpieces of this description may be bought in New York for less than \$30, their short, stylish length making them within the means of those with modest bank accounts.

Muffs this season are more enormous than ever, the old time round muff being seldom seen. These huge flat pillow muffs are exceedingly light and

supple, and some of them are bent up with a tuft of velvet used as an ornamentation or drawn up with a silk cord which is worn around the neck.

Elegant muffs in natural mink are made of five or six entire skins, each with the tail of the little animal hanging down in front. Sets of baum marten and sable—collar and muff—are made of many entire skins combined, showing heads and tails galore, the neck and shoulders of the wearer being almost covered with the heads of these fascinating little animals.

Smart little fur Etoms in seal, mole, sable, squirrel and blended Fitch are fashioned collarless with the newest sleeves and finishings, and as such garments require but a small quantity of material handsome jackets may be had at moderate prices.

TERRIBLE ACT OF BRIDE.

Kills Her Newly Wedded Husband and Then Suicides.

Norfolk, Va., Nov. 11.—Helen Hope, who last night was married to Randolph C. Johnson at Perquemanns, N. C., was found dead in her bridal chamber this morning with a pistol in her hand, and a bullet wound through her head. Johnson was lying across the bed dead, with three bullets in his head and body.

Johnson had loved Miss Hope since her early childhood. He was 28 years old, and she 17. After their wedding Wednesday night, a large supper and dance followed, and about midnight the couple drove to the home of the groom.

Their non-appearance about the house in the morning caused inquiry, and when the door of the bridal chamber was broken open the woman was found lying in a pool of blood before her dresser with a pistol in her hand and her brains oozing from the wound in her head.

Johnson's wounds were in the left breast, the left temple and a grazing wound on the cheek. Either of the first two would have proved fatal. No motive for the tragedy can be learned.

Georgia Congressman to Retire.

Savannah, Ga., Nov. 11.—Hon. Rufus E. Lester, representative in congress from the first Georgia district, the dean of the Georgia delegation, will not again be a candidate. He has so notified the Democratic executive committee. His letter says in part: "There are so many inquiries for nomination to the next congress by the Democratic party at its next primary election, I simply state to you, and hope you will make it public, that I will not be a candidate, as I do not feel willing to undergo the excitement of another campaign, especially one that promises to be as disagreeable as the approaching one. I make this early announcement in consideration of my friends who are willing to succeed me, but are generous enough not to antagonize me."

No Poison in Chamberlain's Cough Remedy.

From Napier (New Zealand) Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

Independents Carry Memphis.

Memphis, Tenn., Nov. 11.—James H. Malone, one of the best known lawyers in Tennessee, has been elected mayor of Memphis on an independent Democratic ticket, defeating J. J. Williams, Democrat, who has held the office for eight years. John T. Walsh, an associate of Mr. Malone, was elected vice mayor, and the entire independent ticket is probably elected. Returns are delayed owing to the length of the ticket, but those at hand indicate a majority for Malone of about 1,200.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Life Term for Train Wrecker.

Marengo, Iowa, Nov. 11.—Eric Von Kueselber, alleged German baron, who caused a train wreck on the Rock Island and Homestead last spring just to see what would happen, was sentenced to life imprisonment here. Attorneys entered the plea of insanity, but failed to substantiate it.

Neuralgia Pains.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bones, and being absorbed into the blood its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c and \$1. Sold by W. W. Johnson.

Burned to Death in Jail.

Covington, Ga., Nov. 11.—Charles Hicks, a young white man, was burned to death in the city jail here. The supposition is that he set his bedding on fire, either for the purpose of burning his way to liberty, or it was done in an accidental manner from a cigar or cigarette. Hicks cried piteously for help, but before the door could be battered down with axes, Hicks fell into the flames and died in great agony. Jim Austin, the only other occupant of the jail, was rescued. Young Hicks lived at Boston, Ga., with a widowed mother, and was on a visit to his sister, Mrs. J. Z. Johnson, in Oxford. His family is one of the best in the state.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Keep Your Head Clear

And your stomach free from indigestion if you would be happy with your family and your fellow-men. The surest thing on earth to get a man's system "out of whack" is heavy, soury bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly sized or cooked. WE USE THE BEST FLOUR and our "sift and mix" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

OLD MAID SALE.

People of North Gainesville Will Have Big Time Monday Night.

The progressive people of North Gainesville are determined not to be outdone when it comes to entertain- ing. Their latest venture will be an Old Maids' Sale, which will be held Monday evening, the 13th inst., at North Gainesville Hall, for the benefit of the hall, which needs repair.

No admission will be charged, but refreshments will be served and in this manner the promoters hope to realize a few dollars. An excellent program has been arranged and altogether the affair promises to be one of great enjoyment.

The following unique invitation has been written by one of the North Gainesville young ladies:

"Your'e requested to attend an 'Old Maids' sale;

We hope you'll attend without fail; The maids will be sold according to weight,

At a perfectly proper, reasonable rate; So come one and all; 'tis your duty, you know,

To see that none of the maids sell low.

Herb W. Edwards Injured.

Herb W. Edwards of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm, and after a few applica- tions all soreness had disappeared. For sale by all druggists.

GAME IS PLENTIFUL.

Gulf Hammock Abounds in Deer, Tur- key and Other Wild Game.

John L. Chesser, who is engaged in fishing in Gulf Hammock, five miles from Otter Creek, is in the city on a visit to his family.

Mr. Chesser states that wild game is plentiful in Gulf Hammock, and the sight of a deer is nothing uncommon. A day or two recently, while out fish- ing on one of the creeks, Ben Gibson, one of the fishermen in his employ, ob- served a deer swimming across the stream. Being in close proximity Gib- son approached the animal and killed it with one of the best oars.

There are hundreds of wild turkeys and squirrels in the hammock, with the result that Mr. Chesser is "living high" on choicest venison and other game.
